# Patient Interface

The key to better patient compliance

## *The right mask for every requirement*

*The demands made on the ventilation mask are enormous. In addition to having a perfect fit, the mask has to withstand high therapy pressures, work quietly, allow the patient to exhale easily, be simple to use and kind to the skin. No problem for our masks, which were specially designed for use with Weinmann therapy devices such as prismaLINE. Thanks to their versatility, our masks*

*are the key to better patient compliance and successful therapy. They include the adaptable JOYCEone, the especially easy to use JOYCEeasy and the tried-and-tested, comfortable silicone SilkGel variants of the JOYCE family. Our variety ensures that every patient can find the mask to suit his needs.*

## JOYCE<sup>one</sup>

### Modern efficiency

- Quick fitting without compromising on an exact fit

## JOYCE<sup>easy</sup>

### Ingeniously simple

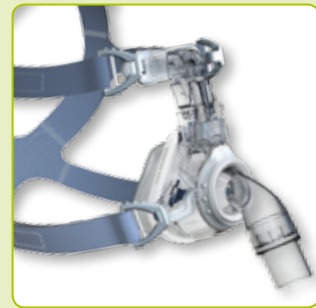

- Simple use and fitting

## JOYCE SilkGel

### Flexible diversity

- Combine parts for your needs
- For use in the hospital too

Nasal mask

Full face mask

### WEINMANN SilkTec

Noticeably greater wearing comfort and assured cleanliness: Our coating WEINMANN SilkTec of liquid silicone rubber sets new standards with its significantly smoother and more hygienic surface than conventional coatings.

### For all Weinmann full face masks

#### Endoscopy adapter

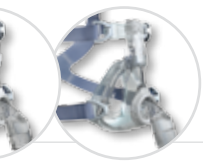

Endoscopic examination under NIV with our solution for professional users. Simply replace the mask elbow with the endoscopy adapter.

#### Non-vented elbow

In addition to the standard vented variants, we also offer the Elbow set Full Face NV one/easy: retaining ring NV and elbow NV.

### Full Face SilkGel / CE Full Face GEL
